

Blessed Sacrament Catholic School

October 20, 2011

Dear Parents and Guardians;

Please be aware that a disposal bin for the renovation of room 102 will be placed at the west end of our school parking lot.

The disposal bin will be dropped off outside of school hours in the near future.

Consequently:

1) The renovation/construction area will be **OUT OF BOUNDS to our students.** All yard duty staff will enforce this rule for the safety of our students._

Parents and guardians are asked to reinforce this rule with their children at home.

2) **IMPORTANT NEW ENTRY/EXIT PROCEDURE:** It is necessary that all classes/students presently using the north parking lot door for building entry and exit begin using the south facing door immediately across from the north parking lot door. The south facing door will be the entry and exit door for this group of students **effective Monday, October 24.**

Thank you for reviewing these important student safety points with your children.

Vernon Sweeney

Principal

Blessed Sacrament School
