

# Airborne Asbestos Analysis

By Transmission Electron Microscopy  
 Yamate Level II Methodology (EPA Contract No. 68-02-3266)

**Client:** Pinchin Environmental Ltd  
 2470 Milltower Court  
 Mississauga, ONT L5N 7W5

**Attn:** Dave Ocovich  
 Jay Inman

**Lab Order ID:** 1200848  
**Analysis ID:** 1200848\_LII  
**Date Received:** 1/18/2012  
**Date Reported:** 1/25/2012

**Project:** Pinchin file 72928

| Sample ID     | Description                                   | Volume                       | Analytical Sensitivity | Asbestos Structures | Raw Structure Count | Loading             | Concentration |
|---------------|---|------------------------------|------------------------|---------------------|---------------------|---------------------|---------------|
