

All New QUANTUM KIDZ

WE S.T.E.A.M. UP LEARNING

LUNCH TIME LEGO CLUB

We are so excited to be in your school, inspiring students, **grades 4-6**, to spark their curiosity and creativity as they discover the interconnected subjects of S.T.E.A.M. — science, technology, engineering, art, and mathematics — through the lens of inventions, innovation, nature, space, commerce, arts and more.

Your young builder will have fun learning, collaborating, solving problems and thinking critically as they move through the design process of building their unique LEGO® structure portraying their personal interest in the wonders of ocean floor and space, historical and iconic buildings, sports teams and arenas, rural and city life, theatre and art, money and trade ...

LEGO® Club includes five (5) workshops, once a week.
The Club fee is \$100.00/student

To register your child into LEGO® CLUB:

- Go to our website, www.quantumkidz.org.
- Tap on the top tab LEGO® Club Registration.
- Scroll down the page and tap the yellow button, BOOK A LEGO® Club.
- Fill out the registration form and tap on the yellow button, PROCEED WITH THE PAYMENT.
- Please note that we use PayPal, a safe and secure online payment system.
- You can pay the \$100.00 Club's fee as a PayPal guest with your VISA debit card or one of your credit cards.
- If you have a PayPal account, you can pay for the Club's fee through your account.

Your statement will read Judit Szabo & Michael Day
(the owners of Quantum Kidz).
